

## **Product Specifications**

<b>Product number:</b>	<i>PR3-3000, PR3-3100</i>
<b>Description:</b>	<i>Proteinase-3</i>
<b>Amount:</b>	<i>1 mg, 0.1 mg</i>
<b>Physical state:</b>	<i>Frozen liquid in buffer containing 0.02M tris, 0.02% NaN<sub>3</sub>, 0.1M-0.5M NaCl, pH 7.0</i>
<b>Manufacturing method:</b>	<i>This material has been purified from a human promyelocytic cell line using detergent extraction and chromatographic techniques.</i>
<b>Storage conditions:</b>	<i>Store frozen at -70°C or lower.</i>
<b>Instructions for use:</b>	<i>Recommended for use in standard solid phase immunoassays.</i>
<b>Warnings:</b>	<i>For research or further manufacturing use only.</i>
